Monkeys Go to University

After high school, students may go to university. Many students move into dorms at their university. Dorms are buildings with many bedrooms.One university in Kaohsiung had twenty to thirty visitors. They tried to move into a dorm. But they did not tell the university. And they were not students!

高雄有一所大學的學生宿舍來了二三十位訪客。牠們是誰呢？

They were monkeys! They lived nearby on a mountain. One found an open window in the dorm. It went back to the mountain. Then it came back to the dorm. It came with many friends!The monkeys ran into the dorm. They found snacks. They ate them! They found drinks. They drank them! And they made big messes everywhere!

原來是猴子！呼朋引伴的猴子們跑進宿舍房間裡搜括所有的食物飲料，把宿舍弄得一團亂！

Then... whoops! One monkey inside dropped food outside. It fell onto the ground. All the monkeys raced to it! They started sliding and climbing down the front of the dorm!One student said these monkeys were scary. One said they were cool. Some putvideos of them online.

這些小賊還把食物丟到窗外，猴群跟著往下衝。學生對這些猴子的反應不一，有人覺得很恐怖，有人覺得很酷。如果是你碰到這群猴子，會不會害怕？

What do you think? Are many monkeys climbing down a building scary?
